Rob,

We've received the final CSTAG memo, which I'm forwarding to you. Please distribute to your team.

I suspect this will be a significant topic for Monday's meeting with the CPG. Our team will be prepared to discuss these recommendations and offer ideas on how EPA might reply to them. I am hopeful that even with a limited time for review before Monday's meeting, your team will also have some ideas to bring to the table for discussion.

Perhaps we can talk on Friday about an agenda for Monday's meeting? I'm free most of the day for a call. Diane is still on jury duty, so please reach out to me.
